

Robux Scam Check

A one-page check before you trust any site promising Robux

Red flags: stop if you see any of these

- ☐ Asks for your Roblox password
- ☐ Asks for a "human verification" before paying out
- ☐ Tells you to paste code into the browser
- ☐ Countdown timer or a live "winners" feed
- ☐ Domain is not roblox.com
- ☐ Asks you to install an app or extension first

The only real sources of Robux

Source	What it needs
Buying Robux or a gift card	Money; web and gift cards often give more
Selling avatar items	Design work on the Marketplace
Building an experience	Time; earns through purchases and payouts
Group payouts	Genuine group sales
Developer Exchange	Earned Robux above the minimum

Changed in 2026

Roblox Plus replaced Premium and does not include a monthly Robux stipend. Guides that still promise 450, 1,000 or 2,200 Robux a month are out of date.

If you already entered your details

1. Change the Roblox password from the official site
2. Turn on two-step verification
3. Sign out of other sessions in security settings
4. Check trades, purchases and missing items
5. Remove any app or extension the site asked for
6. Tell a parent, and contact Roblox Support
